

## Sample's acceptance criteria

### Chemistry department

Row	Products	Test type	National standard number	Sampling national standard number	Required amount of sample	Packaging/ product / equipment characteristics	Sample's condition when receiving
1	laundry detergent powders	Physical-Chemical	141 & 2040	4397 & 3095	3 packs	Not damaged without any leakage or tear packages all with the same designation, containing batch number or production date	sealed packaging
2	Shampoo	Physical-Chemical	3579	1770	4 bottles	Not damaged without any leakage or tear packages all with the same designation, containing batch number or production date	sealed packaging
3	Liquid and jell dish washing	Physical-Chemical	2288	1770	4 bottles	Not damaged without any leakage or tear packages all with the same designation, containing batch number or production date	sealed packaging
4	Dentifrices	Physical-Chemical	1008	1770	6 tubes	Not damaged without any leakage or tear packages all with the same designation, containing batch number or production date	sealed packaging
5	Bar soaps	Physical-Chemical	٤٣٧٦ ٢٢ ٢٣ ١٣٢٦ ٤٧٣٠ ٦٧١١ ٥٢٤٩	1770	6 bars	Not damaged without any leakage or tear packages all with the same designation, containing batch number or production date	sealed packaging

Row	Products	Test type	National standard number	Sampling national standard number	Required amount of sample	Packaging/ product / equipment characteristics	Sample's condition when receiving
6	Liquid soap/hand wash	Physical-Chemical	595 & 18641	1770	4 bottles	Not damaged without any leakage or tear packages all with the same designation, containing batch number or production date	sealed packaging
7	Household laundry detergent bars	Physical-Chemical	3333	1770	6 bars	Not damaged without any leakage or tear packages all with the same designation, containing batch number or production date	sealed packaging
8	Glass cleaner solution	Physical-Chemical	3305	1770	4 bottles	Not damaged without any leakage or tear packages all with the same designation, containing batch number or production date	sealed packaging
9	Sodium hypochlorite solution	Physical-Chemical	۲۳۶۱	2361 clause 6	4 bottles	Not damaged without any leakage or tear packages all with the same designation, containing batch number or production date	sealed packaging
۱۰	Liquid oven cleaner	Physical-Chemical	6071	1770	4 bottles	Not damaged without any leakage or tear packages all with the same designation, containing batch number or production date	sealed packaging
1۱	Cologne	Physical-Chemical	1022	1770	4 bottles	Not damaged without any leakage or tear packages all with the same designation, containing batch number or production date	sealed packaging

Row	Products	Test type	National standard number	Sampling national standard number	Required amount of sample	Packaging/ product / equipment characteristics	Sample's condition when receiving
12	Depilatories	Physical-Chemical	7099	1770	3 packs	Not damaged without any leakage or tear packages all with the same designation, containing batch number or production date	sealed packaging
13	Bowl cleaner-acidic liquid	Physical-Chemical	3643	1770	4 bottles	Not damaged without any leakage or tear packages all with the same designation, containing batch number or production date	sealed packaging
14	Engine coolant for automobile and light duty service-Glycol base	Physical-Chemical	338	1330	2 liters	Not damaged without any leakage or tear packages all with the same designation, containing batch number or production date	sealed packaging
15	Brake fluids	Physical-Chemical	363	-----	2 liters	Not damaged without any leakage or tear packages all with the same designation, containing batch number or production date	sealed packaging
16	Alcohol ethylic	Physical-Chemical	161	161 clause 6	2 liters	Not damaged without any leakage or tear packages all with the same designation, containing batch number or production date	sealed packaging
17	Fire extinguishing powder	Physical-Chemical	3434	3434 clause 4	15 Kg	Not damaged without any leakage or tear packages all with the same designation, containing batch number or production date	sealed packaging
