

No	Products	Standard number (ISIRI)	Test methods
1	Specifications of acrylic yarns for machine made floor coverings (moquette)	3384	Full test
2	Specifications for wool yarn and wool mixture with other fibers used in hosiery	2391	Full test
3	Specifications of gray cotton yarn	3398	Full test
4	Silk warp yarn used for hand carpet specifications	6140	Full test
5	Silk pile yarn used for hand carpet specifications	6141	Full test
6	Specifications for cotton sewing thread	59	Full test
7	Specification of blended worsted yarns (55% polyester 45% wool)	2378	Full test
8	Specifications of polyamide knitting yarn	3382	Full test
9	Partially oriented polyester filament yarn	6007	Full test
10	Specifications for curtain fabrics	1059	Full test
11	Specification for school uniform cloths	1587	Full test
12	Warp and weft knitted fabrics from continuous filament polyamides and stretch yarns -specifications	929	Full test
13	velvet fabric used in clothing - Specifications	21370	Full test
14	Various fabrics for garments (without standard)	Technical specification	Full test
15	Various fabrics without any standard	Technical specification	Full test
16	Dress shirt specification	2255	Full test
17	Tire cord fabric (shciffer) (dipped)	Technical specification	Full test
18	Specification of acrylic knitted clothes	1045	Full test
19	Textiles-Polyamide women socks- Specifications and test methods methods	19430	Full test
20	Specification for short nylon socks(men, women and children,)	1364	Full test
21	Textile floor coverings machine made carpet – label information and technical characteristics	1360	Full test
22	Baby diaper physical and chemical specifications and test methods	3755	Full test

23	Baby diapers physical and chemical specifications and test methods	2528	Full test
24	Adult diapers physical and chemical specification and test methods	10688	Full test
25	Sanitary towels (normal anatomic wing) – physical and chemical specifications and test methods	1830-1	Full test
26	Textiles textile dyestuffs & pigments used in industry -specifications	7729	Dyes are not tested but masterbatches are tested.
27	Specification of painting canvas	3729	Full test
28	The flag of Islamic republic of Iran specifications	1	Full test
29	Cotton wool specification and method of testing	258	Full test
30	Spring mattress specifications and test methods	1056	Full test
31	Textile floor covering machine made carpets — specification	10753	Full test
32	Specifications of acrylic blankets	2446	Full test
33	Warp and weft knitted fabrics from continuous filament texturize polyester and yarns	992	Full test
34	Sport balls handball specification and test methods	6339	Full test
35	Leather spec full chrome upper leather specifications and test methods	6304	Full test
36	Leather leather for garments specification and test method	78	Full test
37	Artificial leather	Technical specification	Full test
38	Artificial leather for upper of shoes specifications and test methods	4266	Full test
39	Synthetic leather poly vinyl chloride synthetic leather used in the upper of the bag and suitcase– specification and test methods	8680	Full test
40	Synthetic leather poly urethane synthetic leather used in the upper of sport balls – specification and test methods	8681	Full test
41	Slipper plastic foamed slipper specification and test methods -slipper	6373	Full test
42	Slipper plastic unformed slipper specification and test methods -slipper	2427	Full test

43	Specifications and test methods for slipper	4511	Full test
44	Sport shoes for non professional uses	10739	Full test
45	Plastics coated fabrics coated fabrics for upholstery -part 3-specification for polyurethane (PU)-coated woven fabrics	5797-3	Full test
46	Plastics coated fabrics coated fabrics for upholstery -part 2 -specification for PVC coated woven fabrics	5797-2	Full test
47	Sport shoes for non professional uses	10739	Full test
48	Specifications and test methods for sizing used in machine-made carpets	2848	Full test except identification of sizing material
49	Specification of water proof cotton canvas	936	Full test
50	Wool polyester tops	6179	Full test except decatizing
51	Cashmere fibres specifications testing methods	3658	Full test except staple length - fiber yellowness
52	Specification of camel fibers	4489	Full test
53	Specification of wool fibers used in hand knotted carpet yarns	4488	Full test except yellowness of fiber
54	Specification of hair goat fibers	4487	Full test except Fiber yellowness
55	Specification of wool tops used in worsted system	2849	Full test except staple length - fiber yellowness
56	Wool tops used in carpet yarn production –specifications	9489	Full test except staple length - fiber yellowness (optional)
57	Polyester tops used in worsted system	2648	Full test except staple length
58	Acrylic tops specifications	2881	Full test
59	Textile polypropylene staple fibers used in felt floor coverings -specifications	4219	Full test except softening point-content of softening and antistatic agent - resistance to UV
60	Specifications for staple polyester fibres used in cotton spinning	2739	Full test except content of auxiliary
61	Textile acrylic fibers used in machine made carpet-specifications	5334	Full test except content of antistatic agent
62	Specifications of woolen yarns for woolen handmade carpet	456	Full test except yarn yellowness and the test of mothproofing of yarn
63	Specification for acrylic bulked yarns	772	Full test

64	Specification of wool yarns for machine made carpet	2162	Full test except mean staple length
65	Specification of filament drawn polyester yarns	925	Full test
66	Specification of blended worsted yarns	2378	Full test
67	Specification for acrylic wool yarns used in hosiery	3606	Full test
68	The specification of polyamide acrylic yarn	3607	Full test
69	65% polyester, 35% cotton yarns specification	2694	Full test
70	Textile fibre and yarn polyamide 6 and 6,6 BCF yarn for floor coverings specifications and test methods	2741	Full test except yarn electrical resistivity
71	Textiles polyamide filament stretch yarns-specifications	928	Full test
72	Partially oriented polyester filament yarn specifications	6007	Full test
73	Textiles- – Black Chador Fabric	21744	Full test
74	Textile fabrics viscose polyester water repellent fabrics -specification	8420	Full test
75	Textiles worsted fabrics (100% wool) specifications	2187	Full test
76	Textiles worsted fabrics (55% polyester 45% wool)-specification	2379	Full test
77	Warp and weft knitted fabrics from continuous filament texturize polyester and dyarns	992	Full test
78	Textiles fabrics viscose polyester fabrics specification	3383	Full test
79	Textiles- Specifications for polyester/ cotton fabrics	4820	Full test
80	Textiles woven and knitted fabrics For upholstery-specifications And test methods	892	Full test
81	Specifications of acrylic knitted cloths	1045	Full test
82	Specification of wool nylon stocks	4216	Full test except determination of felt shrinkage -determination of bursting strength (hydraulic method) -unevenness of dyeability

83	Specification of tufted textile floor covering with cut-pile loop pile mtuf (tufted carpet)	3369	Full test except determination of pile loss(tetrapod walker apparatus)-content of antistatic agent
84	Textile floor coverings- Felt floor coveringsSpecifications	1787	Full test
85	Textiles textile dyestuffs & pigments used in industry -specifications	7729	It is not performed
86	Textile – Slide fasteners (Zips) – Specifications and test methods	1233	Full test except dimensional changes at washing and drycleaning
87	Sport balls futsal specifications and test method	8517	Full test except retention test balance test
88	Footwear laces specifications and test methods	1498	Full test
89	Footwear laces for military use specification and test methods	1905	Full test
90	Specifications for firemen boots	1092	This test is not performed.
91	Footwear personal protective equipment –safety footwear -specifications	1136	Full test except insole abrasion
92	Footwear personal protective equipment –protective footwear -specifications	9433	Full test except insole abrasion
93	Additional requirements for special application of safety footwear	1136	Full test except penetration resistance-electrical full test except properties-energy absorption of seat region-water resistance-metatarsal protection-ankle protection-cut resistance
94	Additional requirements for special application of protective footwear	9433	Full test except penetration resistance-electrical full test except properties-energy absorption of seat region-water resistance-metatarsal protection-ankle protection-cut resistance

95	Footwear army boots specification and test methods	2426	Full test except curing test for vulcanized sole rubber-outsole swelling in fuel medium 6
96	Dried and dry salted sheep and goat skin	188	Full test except water content auxiliary content-salt content
97	Artificial leather	Technical specification	Full test except differ to requirement (depends on request)
98	Plastics coated fabrics coated fabrics for upholstery PVC coated knitted fabrics	5797-1	Full test except elongation and elastic recovery-fusion
99	Specification for natural casing	66	Full test
100	Specifications for pickled goat and sheep skins	159	Full test except salt content acid content-ph
101	Footwear comfort shoes for men and women – specifications and test methods	7973	Full test except nonwoven bursting of lining
102	Leather wet blue goat skins specifications	455	Full test except shrinkage temperature
103	Leather bovine wet blue specification	9500	Full test except shrinkage temperature
104	Leather wet blue sheep skins specification	9501	Full test except shrinkage temperature
105	Footwear comfort shoes for men and women – specifications and test methods	7973	Full test except insole abrasion-bursting of nonwoven lining
106	Sport balls football specifications and test methods	6336	Full test except retention test water absorption-rebound test
107	Sport balls volleyball specifications and test methods	6338	Full test except impact test - rebound test
108	Sport balls basketball specification and test methods	6337	Full test except retention test
109	Moulded plastics footwear lined or unlined poly ( vinyl chloride ) boots for general industrial use-specification and test methods	7974	Full test except torsion of upper in low temperature flexing resistance of outsole-flexing resistance of upper
110	Textiles- Velvet fabric used in clothing - Specifications	21370	Full test
111	Textiles-Knitted dress shirt fabrics for men, s and boys, – Specification	21397	Full test
112	Textiles-Polyamide women socksSpecifications and test methods	19430	Full test

113	Clothing – Newborn and Baby’s garments - Specifications	1713	Full test
114	Textile fabrics – Interlinings- Part 1: Nonwoven sew-in interlinings - Specifications	1424-1	Full test
